

## Project Title

The Digital Connections Hub: Managing the Impacts of COVID-19 on the Mental Health of Children, Families, and Workers in Vulnerable Contexts: Synthesizing and Mobilizing Knowledge for the Child Serving Organizations.

## Project Summary

The Digital Connections Hub presents evidence-based child welfare research and resources related to COVID-19 and other potential health crises. It facilitates easy access to resources for children and youth, service providers, families and caregivers, governments, and the general public who share a concern for children in care and the wellbeing of children and youth in general.

## Project Roles

Dr. Lise Milne - Co-Principal Investigator

Dr. Nathalie Reid - Co-Principal Investigator

## Project Funding

Saskatchewan Health Research Foundation: Research Connections  
COVID-19 Rapid Response Program
